Rebecca Eeley has developed an excellent reputation for her work and has a loyal following of clients. She is adept at analysing the most complex of legal disputes and distilling them to their essential points and themes. She is quick to grasp the priorities of her clients and to adapt her approach accordingly. In court she is calm under fire, quick thinking, tenacious and flexible. In cross examination she consciously adapts her style to obtain the most from each witness. Out of court her clients find her approachable and supportive style reassuring. Her in depth knowledge of both the brief and the law involved instils confidence and she is not afraid to give a clear headed assessment of a case together with practical advice.

Rebecca has a wealth of experience across all areas of personal injury law including:

- Road traffic accidents including defending fraudulent claims, staged accidents, phantom passenger claims etc.
- Accidents at work
- Industrial disease
- Tripping and slipping accidents
- Occupiers' Liability claims
- Criminal injuries compensation claims
- Inquests

Rebecca is a fully trained and accredited mediator. She brings these additional skills to her court and advisory practice and is happy to act both as mediator and as advocate during mediation proceedings. Her services as a mediator can be secured through Chambers and through ADR Group's ADR Net panel (www.adrgroup.co.uk).

Rebecca regularly provides seminars and workshops for clients on topics of current legal interest.
