## **Profile**

Karim is a highly experienced and accomplished advocate who is well-versed in the full spectrum of fraud issues arising in road traffic liability claims, including:

- Induced and staged collisions;
- Phantom passenger claims;
- Low velocity impact arguments;
- Exaggerated injury and loss;
- MIB matters;
- Fraudulently damaged vehicles;
- Challenging expert engineering and medical evidence;
- Withdrawal of indemnity;
- Individual and large-scale fraud investigations, including police operations;
- Indemnity cost issues and general procedural matters.

Karim regularly advises at the pre-proceedings stage both in writing and in conference with witnesses and clients. His written work includes advising on liability and quantum, along with the preparation of Defences and Part 18 Requests.

A prompt and efficient turnaround of all paperwork is guaranteed. He also regularly provides seminars to solicitors on all aspects of fraud litigation and recent developments.
